BEFORE YOU PLAY

INSTALL BATTERIES
(Always ask an adult to install the batteries for you.)
This keyboard uses 4 size AA (1.5 V) batteries (not included).

Loosen the screw on the battery compartment door with a Phillips head screwdriver. Open the compartment and refer to the image inside to install the batteries. Pay close attention to the negative (–) and positive (+) ends of the battery to be sure they are placed correctly. Incorrect installation of batteries can damage the keyboard or cause an electrical hazard.

Note: If the batteries start to wear out, the keyboard’s sound may deteriorate. If this happens, install a new set of batteries. If you are not going to play for a long time, remove the batteries from the keyboard. Do not mix old and new batteries. Do not mix alkaline standard (carbon-zinc) and rechargeable (nickel-cadmium) batteries.

PLUG IT IN(Optional)
Insert the plug of a standard DC converter (6V) into the rear panel, labeled “DC 6V”, and plug it into an outlet. Use only a 6-volt DC converter with this keyboard. Use of a converter of the wrong voltage could damage the keyboard or cause an electrical hazard. Unplug the keyboard when not in use.

PLAYING THE DIGITAL KEYBOARD

The Digital Keyboard

1. Flasing speakers 11. Tone buttons
2. Record 12. Demo One
3. Volume 13. Demo All
5. Snare Drum 15. Rhythm Volume
7. Bass Drum 17. Stop
8. Cymbal 18. Rhythm buttons
10. Tempo 20. MP3 Input
21. DC 6V input

POWER
To play, press the POWER button to turn the keyboard ON.

AUTOMATIC POWER OFF
If no keys are pressed for 1 minute, the keyboard will go into sleep mode. Press any key to “wake up” the keyboard.

VOLUME and TEMPO
Press VOLUME UP and DOWN buttons to adjust the volume.

Press TEMPO +/- to turn accompaniment volume up or down.

Press TEMPO +/- to speed up or slow down the tempo of rhythms and demo songs.

DEMO SONGS
When you press the POWER button to turn the keyboard on, a DEMO song will play automatically.

Press the DEMO ONE button, then press a white key to select a song.

To change the tone, press one of the TONE buttons.

To change tempo, press the TEMPO UP/DOWN buttons.

The SPEAKER will flash in rhythm with each demo song, and the keys will light up, so you can learn to play along. You can also just experiment by playing different keys.

To choose a different demo song, press another white key.

DEMO ALL
In DEMO ALL mode, the keyboard will automatically cycle through all of the demo songs.

Press STOP to exit the DEMO or DEMO ALL modes.

TONE
Press any of the TONE buttons to select a tone. The keyboard will play a sample of the tone, then you can play any of the black and white keys in this tone.

To switch to another TONE, just select another tone button.

Press the VOLUME UP and DOWN buttons to adjust the volume.

RHYTHM
Press any of the RHYTHM buttons to select a rhythm.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.

WARNINGs

1. The pressure and polarity of the electric adaptors used should conform to the keyboard specifications to avoid heat and damage to it. Turn off the electricity, unplug the adaptors, and have the product repaired by professionals if any of the following occurs: wires or plugs are worn, torn or damaged; strange smells or smoke appears; the instrument suddenly becomes silent when being played.

2. Do not change the parts without professional instructions. Any change may cause malfunctions.

3. When the keyboard is not in use, turn off the power and unplug the keyboard to avoid damage to inner components or fires caused by being electrified too long.

4. Keep the wrapping bag out of the reach of children to avoid a choking hazard.

5. Always move the keyboard carefully to avoid damage to outer covering and inner components.

6. The keyboard should not come in contact with acid or alkali. It should not be operated where there is corrosive or excessively moist air around to avoid corrosion of the electrical contacts.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet or a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio TV technician for help.

1. Read and follow these instructions.

2. Do not use this device near water.

3. Clean only with a dry cloth.

4. Do not use near any heat sources such as radiators, heaters, stoves, or other heat producing machinery.

5. If you use a power cord, protect it from being walked on or pinched particularly at plugs and at the point where it exits from the keyboard.

6. Only use the attachments/accessories specified by the manufacturer.

7. Unplug the keyboard during lightning storms or when unused for long periods of time.

8. Refer all servicing to qualified service personnel. Servicing is required when the keyboard has been damaged in any way, such as power supply cord or plug is damaged, liquid has been spilled or objects have fallen into the keyboard, the keyboard has been exposed to rain or moisture, does not operate normally, or has been dropped.

9. To reduce the risk of fire and electric shock, do not expose this apparatus to rain or moisture.

Important Safety Instructions

Please read carefully.
