Warning: To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture.

1) Please read the instruction manual carefully and follow all the requirements of safe operation to operate the device.

2) Do not use this unit near water. Do not place over the unit any container with liquid inside.

3) Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.

4) Unplug this unit during lightning storms or when unused for a long time.

5) About Cleaning: Unplug the system, use only wet cloth to clean. Do not use liquid detergent or aerosol.

6) Only use accessories specified by the manufacturer.

7) Refer all servicing to qualified service personnel. Servicing is required when the unit has been damaged in any way, such as power supply cord or plug is damaged, liquid has been spilled or objects have fallen into the unit, exposed to moisture, does not operate normally. Don't try to repair the machine by yourself because of the danger of high voltage and electric shock.

8) Do not use irregular shaped discs such as heart or star-shaped discs as they may cause the unit to malfunction.
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

### Main Features

- High brightness color 9" LCD screen
- Compatible with disc of DVD, VCD, MP3, MPEG4, CD, JPEG, etc.
- Built-in stereo speaker
- Support PAL or NTSC system
- Support Multi-language OSD, speed forward/backward, repeat function
- Zoom in/out function
Main Unit Controls

1. Open knob
2. Power ON/OFF switch
3. SETUP button
4. MODE button
5. ▲▼音量
6. OK button (Function same as “ENTER” on Remote control)
7. Play/Pause
8. STOP button

9. DC IN 9-12V
10. DC OUT
11. AV OUT
12. Earphone jack
13. Volume knob
14. SD card slot
15. USB Port
16. Rating Label Position

Monitor View

1. Power ON/OFF
2. Volume knob
3. Earphone jack
4. AV in
5. DC IN 9-12V
6. Brightness Knob

System Connection

Powering and installation
Plug one end of the AC/DC power adaptor into the DC IN 9-12V jack on the right of the main unit, then plug the other end into the AC power receptacle. Please refer to the following illustration.

If using car cigarette lighter adaptor to connect to the power:
Plug one end of the cigarette lighter adaptor into the DC IN 9-12V jack on the unit, plug the other end into the car cigarette lighter socket. See illustration below.

Note:
※ Car cigarette lighter adaptor is available to use only when the car cigarette lighter with DC 12V negative grounding.
※ The mains plug is used as the disconnect device, the disconnect device should remain readily operable.

Using SD/MMC card
Upon using an SD or MMC card, insert it into the corresponding slot flatly with the label side forward until you hear a click.

Using USB
Upon using an USB, insert it into the USB slot directly.
Connecting to the monitor

The unit can also be connected to the external LCD monitor.
Connect the unit to power by AC/DC adapter or cigarette lighter adapter.
Then connect the unit DC OUT jack to DC IN 9-12V Jack of the LCD Monitor by a DC/AV cable. Also use this DC/AV cable to connect the AV OUT jack of the unit to AV IN jack of the Monitor.
Please refer to the illustration below.

Note: You're advised to supply both units the power by the cigarette lighter adapter only. The AC/DC adapter is used to supply power of one unit only and as the charger to charge the main unit if it's with built-in battery.

In Car Installation

1. Fit the headrest mount to the DVD Player / Monitor as required.

The DVD player will fit to the mount in this position, as shown below.

Turn the headrest and player around so the backs are facing you.

Slide the vertical straps A and B through the strap lock upon the back of the DVD player, or monitor, as shown. Fold and secure the horizontal straps on to the back of the mount until the velcro attaches. Ensure the DVD player or monitor is mounted centrally.

Turn the headrest and player around so the front is facing you.

Bring straps C1, C2, D1 & D2 in front of the DVD Player and attach to the velcro as shown.

NOTE: Both the headrest mounts are the same, there is no difference for DVD Player or Monitor.
2. Fitting the Headrest Mount to the headrest

a. Fitting the Headrest Mount to the headrest

Fit the straps around the headrest and engage the 2 trident clips. Ensure clips are securely fastened.

Pull the straps tight using the adjustment. Tuck the loose ends into the strap lidy.

b. Fitting the Headrest Mount to the seat.

The mount is designed for the separated headrest, some cars/vans don't have separated headrest, if the seats look like as below, you must follow the below installation to fit the mount.

2. Fitting the Headrest Mount to the headrest

Let the belts crossing horizontally to the top seat and engage the 2 trident clips. Ensure clips are securely fastened.

Pull the straps tight using the adjustment. Tuck the loose ends into the strap lidy.

NOTE:
Be sure to complete the installation then use SDVD9957 in the car. For SDVD9957 installation is recommended that the DVD Player is on the LEFT headrest, to ensure a neat cable run to the monitor, as shown below:
Connecting with external Speaker

The unit can be connected with external speaker. Please see the following illustration.

Notice: There is no 5.1 channel in the unit, however, after connecting to APM it is available to output audio in 5.1 channel.

The Remote Control

1. Number button
2. TITLE (To display title information)
3. AUDIO (To select audio language)
4. SETUP (To go to or exit setup menu)
5. Previous/Next button (To go to previous/next chapter or scene during playing)
6. Fast forward/backward button (To scan forward/backward at 2, 4, 8, 16, or 32 times)
7. OSD (To display disc information during playing such as elapsed and remaining time)
8. Play/pause
9. Stop (press once to stop playback, then press to resume playback from the point where you stopped; press stop button twice to stop playback completely)
10. Enter (To confirm)
11. ZOOM (To zoom in the image during the playback)
12. Menu (To enter or exit menu root)
13. Subtitle (To select subtitle language when playing DVD disc)
14. Angle (To change viewing angle when playing disc with multi-angle)
15. A-B (Repeat a specific portion from point A to B, press it again to cancel repeat playing)
16. Repeat (To repeat playing title, chapter or track)
17. Return (To return to the main menu)
18. MUTE (To turn to mute)
19. Slow
20. MODE
The Use of Remote Control

Please put the battery into the remote control as per below illustration.

When using remote control, make sure the infrared window is pointed to infrared receiving window of the machine. The distance between machine and remote control must be within 3 metres. Please refer to the following illustration.

Notice

1. To avoid falling off or place near damp environment.
2. To avoid infrared receiving window of the unit being under direct sunlight.
3. Please use a new battery to replace old one if the remote control doesn't work.

Basic Operation

Playing disc of DVD, MPEG4, SVCD, VCD, CD, Mp3.

1. In the Source Mode, you can press " », " », to select and "ENTER" key to enter the source you want.

2. Open the disc door and insert a disc into the door with the label side facing up.

3. Close the disc door. The unit will load the disc and start playing.
