## CASSETTE RECORDER/PLAYER

### HA-661-4/HA-661-8 Portable Cassette Recorder/Players *Our Most Popular Recorder!*

This conventional 2 watt portable cassette recorder/player has all the basic features you need for years of reliable operation. The automatic recording level control function ensures a steady sound level without having to adjust volume. In addition, the HA-661's built-in condenser microphone faithfully captures every word and sound. Other outstanding features include high-quality 3" round speaker, LED recording/power indicator, separate jacks for remote control and external microphone, four 1/4" headphone jacks (HA-661-8 has eight) and a convenient cord wrap.

- 1/4" Headphone Jacks - HA-661-4 - Four , HA-661-8 - Eight
- 2 Watt Amplifier
- Built-In Condenser Microphone
- Automatic Level Control
- 3" Round Speaker
- Convenient Cord Wrap
- Operates on AC with attached 5' Cord or 4 "C" Cell Batteries (not incl.)
- UL and CSA Listed
